Who we are

- The LRG provides on ice officials for games at various levels of hockey, such as: minor hockey, high school, sledge, and adult. As an organization we strive to maintain an environment that embodies the core values of integrity, leadership, perseverance, respect and teamwork while enhancing self-esteem, promoting self-confidence and cultivating a lifelong passion for the game.

The Referee

- Officials play a vital role in the game, they are often described as the third team on the ice. The basic role of the on-ice officials can be broken down into two simple words – safe and fair. For a referee to view and officiate the game with these two words in mind, they should be able to call a game that is acceptable to all of the participants.

Skill building

The LRG training and development program is designed to assist young officials learn their role in the game and develop the skills necessary to ensure a safe and fair hockey game. This program consistently proves to be instrumental with guiding young officials for improvement of:

- Decision making skills
- On ice awareness as an official
- Communication skills
- Applying the rules of the game to promote safe and fair play

As part of this program we assign experienced officials as mentors to assist with the training and develop our younger officials. The on-ice mentorship and off-ice guidance brings practical and classroom style learning together with positive reinforcement in order to build their self-confidence.
